SCOPE OF THE CONTEST
The contest will be judged based on the criteria established in the current year’s National Technical Standards, which are updated annually. National Technical Standards are accessed through your Professional SkillsUSA Membership benefits by logging on to your SkillsUSA account at https://www.skillsusa-register.org/Login.aspx.

The contest consists of two parts:
1. Evaluation of the T-shirt design
2. Oral presentation and question-and-answer session. All contestants will be asked the same questions determined by the judges before the start of the contest.

Knowledge of Performance
This contest does not require a written test.

Contest Guidelines
T-SHIRT DESIGN

1. All entries must be rendered in color (full color or up to four color).
2. Preferably, entries will be created in a design software package such as Illustrator, Photoshop or Freehand. Entries may also be hand-drawn, painted or rendered in colored pencils or markers.
3. Artwork submission is 8"x11". The artwork should be a comprehensive design that is essentially “camera ready.” There is no opportunity to “tweak” the design after it has been submitted.
4. The SkillsUSA emblem or SkillsUSA logo (or elements of either) should not appear on the design.
5. All copyright laws must be followed in the creation of the design.
6. T-shirt design submissions must be turned in at the submission link provided by the deadline.
7. Advisors need to check all designs prior to submission to ensure strict compliance with all rules.
8. The T-shirt designer must specify the color of the shirt that the artwork will be screened onto and where artwork will be placed.
9. In addition to the T-shirt background color, the designer may use up to four colors in his or her artwork. These colors are “spot colors” and may not be blended or shaded.
10. The following text must appear on the T-shirt design: “SkillsUSA (STATE NAME)” followed by the appropriate year.
11. Students will participate in an interview during the competition. They should be prepared to discuss the overall process and how they came up with their design and color scheme. They should bring all their preliminary work (sketches, layouts, etc.) with them to the interview.
12. Contestants will present a five- to seven-minute presentation regarding their design. Talking points should include:
   a. How he or she came up with the design
   b. The process used in developing their design
   c. The design's unique qualities
   d. Why other students/advisors would want to wear it
13. After your presentation, the judges may ask questions related to the Design, SkillsUSA, production process, professional development, etc.
14. A tabletop display is permitted to promote your t-shirt design. Use no more than 28" x 28" table space for this display. It should be no taller than 48" from the tabletop. Your entry submitted for judging will also be in this space. This display can be used in your presentation. The display will be judged separate from your interview. Displays may not include hazardous or flammable materials or generate noise.

Judging Criteria
Displays will be judged on:
- Neatness
- Overall aesthetic appeal
- Informative
- Cohesiveness
- Grammar/spelling
- Size

Each project will be judged based on drawing to size, colors pleasing, professional appearance, preliminary research, process followed in design, how does design represent state, unique qualities, potential appeal to members, verbal technique and poise, self-confidence, and introduction and closing. See the Rubric for T-shirt Design for detailed description of each category.
