

**SkillsUSA Ohio Advisor Training Conference
October 10-11, 2019
Deer Creek Resort and Conference Center**

SkillsUSA Ohio is proud to announce the 2019 Advisor Training Conference. At this year's training, advisors will have the opportunity to choose 1 of 2 primary track options. Option 1 will focus on the delivery and management of the SkillsUSA Ohio Program of Work as an integral part of the Career-Technical Classroom. These sessions will overview the duties and activities of a Chapter Advisor including training on the membership and registration processes necessary for students to actively compete in various levels of events. Option 2 will give Advisors the opportunity to review their current programs and create excitement around new opportunities. This option will focus on building on currently established chapters and encouraging new ideas and thought. Both options will interact throughout the workshop during best practice sessions in order to exchange ideas and chapter success stories. Everyone will also receive updates on the SkillsUSA Ohio Program and the free resources available through professional membership along with guidance of how to use them. This year we are also proud to offer both options new training on the new Career Essentials Curriculum offered by National SkillsUSA. This suite is a completely digital resource in order to enhance student's professional development training and prepare them for career success.

Conference Agenda
